

TAMKO® NON-FIBERED ROOF COATING

PRODUCT DATA

A pure asphalt liquid precisely blended to a smooth heavy paint consistency. It is compounded with special penetration oils for deep penetration. Inert to mild acids and alkali.

100% ASBESTOS FREE - GUARANTEED!

PRODUCT NUMBER
30001293 - 1 GAL - Green Cove Springs FL
30001653 - 1 GAL - Columbus KS
30001294 - 5 GAL - Green Cove Springs FL
30001654 - 5 GAL - Columbus KS

USES

Provides a variety of benefits where a thin protective coat is required. Prolongs the life of composition roofing by sealing small holes and cracks. Also used as an economical coating on most metal roofs and surfaces including fence posts and underground pipes. Wooden fences, posts and masonry surfaces may also be treated with this material to provide additional moisture protection.

APPLICATION

Apply with a roofer's brush or spray equipment. Can be applied at temperatures as low as 50°F when kept at room temperature prior to use. Application rates include:

Composition Roofing	1 gallon per 100 sq. ft.
Metal Surfaces	1/3 gallons per 100 sq. ft.
Concrete/Masonry	1 gallon per 100 sq. ft.

CAUTION: The National Institute for Occupational Safety and Health has concluded that the fumes of heated roofing asphalt are a potential occupational carcinogen. The physical nature of this product may help limit any inhalation hazard during application and/or removal. However, physical forces such as sawing, grinding or drilling during demolition work and heating or burning may increase the inhalation or dermal exposure hazard of this product. This product should not be heated or burned using a direct flame device. Take precautions to prevent breathing and contact with skin.
